Sir:

Transmitted herewith is a copy of an Amended "Sequence Listing" written in duplicate on compact discs (Copy 1 and Copy 2) for the above-identified patent application as required by 37 C.F.R. § 1.821(c), and a copy of the "Sequence Listing" in computer readable form (on a compact disc) as required by 37 C.F.R. § 1.821(e). This Amended Sequence Listing is intended to replace the formal written Sequence Listing filed with the aforementioned patent application on March 5, 2004.

Compact discs labeled "Copy 1," "Copy 2" and "CRF" are each in IBM-PC machine format and MS-Windows operating system compatible. Each disc contains a

As required by 37 C.F.R. § 1.821(f), I hereby state that the Sequence Listing information recorded in computer readable form is identical to the Sequence Listing written on compact discs and provided herewith.

Further, I hereby state that this submission, filed in accordance with 37 CFR § 1.821(g), does not introduce new matter into the Application.

Finally, I hereby respectfully request entry of this Amended Sequence Listing into the aforementioned patent Application.

Respectfully submitted,
